**EasySave**

Annotations (Left):

- Entrer un nom pour le travail de sauvegarde
- Choisir un dossier source
- Choisir un dossier destination
- Choisir un type de sauvegarde
- Entrer extensions fichiers à crypter
- Entrer extensions fichiers prioritaires
- Choisir la taille des fichier sauvegardés en simultané max
- Sélectionner travail de sauvegarde à Lancer/supprimer

Annotations (Right):

- Cliquer ici pour changer de langue
- Ajouter un travail de sauvegarde
- Lancer un travail de sauvegarde
- Mettre en pause un travail de sauvegarde
- Arrêter un travail de sauvegarde en cours
- Supprimer un travail de sauvegarde
- Cliquer ici pour quitter l'application
- Choisir bande passante max
- Choisir un mot de passe client distant

Form Fields:

- Appellation
- Source
- Destination
- Type: Complete
- Cryptage
- Taille max fichier: 0
- Bande passante max: 0
- Fichiers prioritaires
- Mot de passe pour les utilisateurs distants

Buttons:

- Ajouter
- Lancer
- Pause
- Stop
- Supprimer
- Quitter

Nom	Source	Destination	Type	Etat	Nb Fichiers	Fichiers Restants
Test2	D:\test\F_2	E:\Demo	Complete	Inactif	0	0
Test3	D:\test\F_3	E:\Demo	Differentielle	Inactif	0	0
Test4	D:\test\F_4	E:\Demo	Complete	Inactif	0	0
Test5	D:\test\F_5	E:\Demo	Complete	Inactif	0	0
Test1	D:\test\F_1	E:\Demo	Complete	Inactif	0	0

Launched by Prosoft

## User Documentation Version 3.0

The screenshot shows the EasySave application interface. The title bar reads "EasySave". The main window contains several sections:

- Backup Configuration Section:**
  - Name:** A text input field for naming the backup work.
  - Source:** A text input field with a browse button (three dots) to select the source folder path.
  - Destination:** A text input field with a browse button (three dots) to select the destination folder path.
  - Type:** A dropdown menu currently set to "Complete".
- Advanced Options Section:**
  - Encryption:** A checkbox.
  - Max file size:** A text input field with "0" entered.
  - Max Bandwidth:** A text input field with "0" entered.
  - Priority file:** A text input field.
  - Password for remote users:** A password input field with a toggle icon (eye) to show/hide the password.
- Action Buttons:** A vertical stack of buttons on the right: "Add", "Launch", "Pause", "Stop", "Delete", and "Exit".
- Language:** A button with a speech bubble icon and the letter 'A' to change the language.

At the bottom, there is a table showing the status of backup works:

Name	Source	Destination	Type	State	Nb Files	Remaining Files
Test2	D:\test\F_2	E:\Demo	Complete	Inactif	0	0
Test3	D:\test\F_3	E:\Demo	Differentielle	Inactif	0	0
Test4	D:\test\F_4	E:\Demo	Complete	Inactif	0	0
Test5	D:\test\F_5	E:\Demo	Complete	Inactif	0	0
Test1	D:\test\F_1	E:\Demo	Complete	Inactif	0	0

At the bottom of the window, it says "Launched by S Prosoft".

**Annotations:**

- Type a name for your backup work (points to Name field)
- Browse source folder path (points to Source field)
- Browse destination folder path (points to Destination field)
- Choose backup type (points to Type dropdown)
- Fill in with file to be crypted extension (points to Encryption checkbox)
- Fill in with priority file extension (points to Priority file field)
- Choose maximum file size (points to Max file size field)
- Select a backup work you want to delete or launch (points to the table)
- Click here to change language (points to Language button)
- Click here to add a backup work (points to Add button)
- Click here to launch a backup work (points to Launch button)
- Click here to pause a backup work (points to Pause button)
- Click here to stop a backup work (points to Stop button)
- Click here to stop a backup work (points to Delete button)
